## Flood Safety Awareness Week is March 17-21

### Plan, Prepare and Be Aware

SALT LAKE CITY- Governor Jon Huntsman, Jr. has declared March 17-21 as Flood Safety Awareness Week in Utah, in conjunction with National Flood Safety Awareness Week. The Utah Department of Public Safety, Utah Department of Transportation, the four Utah chapters of the American Red Cross, Utah State Parks and Recreation, and Utah State Board of Education will assist in the campaign effort led by National Oceanic and Atmospheric Administration's (NOAA's) National Weather Service (NWS).

Floods kill more people in the United States than any other type of severe weather and can arrive without a moment's notice or with a slow creep. Flood waters can have enough force to roll boulders the size of cars, destroy buildings and bridges, and take human lives.

The goals of the Flood Safety Awareness campaign are to educate the citizens of Utah on hazards associated with floods and flash floods as well as what can be done to save lives and protect property.

Daily news releases and statements will be issued and broadcast on NOAA Weather Radio during the week. Daily topics will include:

**Tuesday:** Terms and Definitions...What To Listen For

**Wednesday:** Preparedness and Safety

**Thursday:** Advanced Hydrologic Prediction Service

**Friday:** Special Needs Preparedness

A Flood Safety Awareness Week publication is posted on the following web sites:

National Weather Service, Salt Lake City: <http://www.wrh.noaa.gov/slc/wxsafety>

National Weather Service, Grand Junction: <http://www.crh.noaa.gov/gjt>
